

Go4Fun is an evidence based, FREE healthy lifestyle program for children aged 7 to 13 years and their families, looking for support with healthy eating, physical activity and overall wellbeing. Children who are classed as 'under a healthy weight' (<5th BMI percentile for their age and sex) are not suitable for the program.

Programs are locally available and are delivered by trained health and community professionals. Children who participate in Go4Fun achieve clinically significant improvements in physical activity and nutrition outcomes.

Referral forms are available in MedicalDirector, Best Practice, Communicare & Titanium.

Patient details

Child's name*: _____ Date of birth*: _____ Sex*: _____

Weight*: _____ Height*: _____ Parent/Carer name*: _____
